CHIEF EXECUTIVE OFFICER
MAHINDRA RAMESH RAMDEEN

MESSAGE FROM THE CHIEF EXECUTIVE OFFICER

The Trinidad and Tobago Manufacturers' Association continues its strong lobbying efforts of being the voice for manufacturers/exporters. In recent times there has been a (welcomed) renewed clarion call for diversification.

The Association heeded that call and is prepared to take the lead in fostering an environment for manufacturers to enable greater expansion and sustainability.

Non-energy manufacturing in Trinidad and Tobago is the one proven diversification model that has worked in the past and today, these very firms are champions and deemed competitive at the firm level. The TTMA believes that local production can stand on its own with competitors in the local and regional markets and in some instances even with international competitors. The secretariat continues to liaise with the manufacturing community, as well as, other key stakeholders such as the government, with the aim of working together to ensure relevant frameworks are in place to enhance business prosperity.

The TTMA continues initiatives for adding value to our membership. For example, the Association hosts a number of seminars and workshops to increase the knowledge of its membership on issues pertinent to their development. These include, inter alia, ProNet sessions for manufacturers to build capacity, Post-Budget forum, and continued lobbying for a resolution to the problem of outstanding VAT refunds. The Association continues to partner with other stakeholders to further our lobbying for improvement of labour supply, market expansion, improvement in the trade facilitation environment, identification of deficiencies and

rectifying problems with regard to trading arena, especially within CARICOM.

Looking to increase market opportunities for the membership, the Association hosts outward trade missions which are usually successfully engaged. Additionally, in our efforts to combat one of the perennial problems of labour shortage, the TTMA Careers facility was launched where it is anticipated better placement and alignment of the skill gaps can be better managed.

The TTMA remains committed to its membership and is confident that even though the country is faced with challenges, the manufacturing sector is robust, equipped and dynamic enough to rise above these challenges. The secretariat would continue to offer support and guidance to manufacturers and help create an enabling environment for their businesses to not only sustain their operations, but flourish in what we consider to be a very opportunistic environment. The TTMA continues to view the future of manufacturing as bright and prosperous. With continued effort and partnering with you, our stakeholders, we are optimistic that our goals of growth and diversification can be realised.

ABOUT THE TTMA

WE ARE THE MANUFACTURERS' ASSOCIATION,
HELPING HUNDREDS OF COMPANIES IN A RAPIDLY
EVOLVING BUSINESS CLIMATE.

The Trinidad and Tobago Manufacturers' Association (TTMA) was established in 1956 with eight pioneer firms, and today, stands strong with more than three hundred and fifty (350) members. We are a powerful voice of the manufacturing sector and the leading advocate for policies that assist in its growth and development of the local economy.

In keeping with our mandate to promote the competitiveness and diversity of manufacturers in Trinidad and Tobago, in the year 1999, the TTMA conceptualized and staged the first Trade and Investment

Convention (TIC), to showcase the high-quality products offered by this country's manufacturers. We are proud to have hosted TIC - the TTMA's annual flagship event - for the past sixteen (16) years.

TTMA believes that a modern, competitive and innovative manufacturing industry is integral to Trinidad and Tobago's economic future.

The Association works with the Government, its agencies and regulatory bodies to address the challenges facing the country's manufacturers- competitiveness, access to regional and international markets, and ease of doing business.

VISION

To be the voice of manufacturers in Trinidad and Tobago, creating value and providing world class service to our membership.

MISSION

Increasing the value and growth of the manufacturing sector in Trinidad and Tobago.

THE TTMA

1

Acts as a representative of the manufacturing sector in dealing with Local and Foreign Governments and in the monitoring of legislation affecting manufacturers

2

Assists with the generation of market expansion both regionally and internationally through the mounting of local, regional and international trade fairs, exhibitions and foreign trade missions

8

Encourages members to maintain and adhere to required standards and grades of quality in all manufactured goods and services

10

Educates members on all forms of financial assistance available to manufacturers and also on the procedures through which this assistance may be obtained

3

Provides members with information on all local, regional and international trade related matters of relevance

4

Negotiates for and on behalf of TTMA members with Government, and other relevant stakeholders

9

Sources and distributing statistical information and relevant data on trade and industry, imports and exports, manufacturing processes and finance

11

Promotes joint ventures between members and foreign enterprises

5

Represents members at the various domestic, regional, hemispheric and international trade negotiation meetings and delegations

6

Acts as the liaison between the membership and the Government, specifically the Ministry of Trade and Investment

12

Represents on the following task forces, boards and committees for the purpose of consultation and participative dialogue:

- The Standing Committee on Trade and Related Matters
- The Membership Service Committee
- The Transport Logistics and Regulatory Committee
- The Advocacy Committee
- The Export Marketing Committee

7

Offers education and assistance for local manufacturers in the efficient use of modern methods of manufacture and in the development of exports

HOW TO JOIN THE TTMA

Collect and complete a membership application package available at the TTMA's Secretariat or download the form from the TTMA's website: www.TTMA.com and deliver to the TTMA office. The completed form should be accompanied by applicable Subscription fees (plus VAT) and Administrative Fees (\$500.00 VAT Inclusive), as well as two (2) references (from financial members of the TTMA) and submitted to the TTMA office.

The form will be submitted at the next Board Meeting for approval.

A letter of acceptance, invoice for membership fees and a membership directory will be forwarded.
